iMap - Irish Mission Agencies Partnership was set up in 2007 as an initiative joining together Irish mission agencies and the Irish Church to develop their desire to see the Gospel advanced in Ireland and abroad. "Resourcing world mission together." Having participated in Mission-Net in 2009 we see it as a vibrant and refreshing opportunity for young believers to see how God is working in our world in Churches and Missions.

I (Gordon Liston) will be travelling to Germany for the Mission-Net congress and getting there is easy enough. [How do I get there?](#) Is a link to give details on travel. Each participant is responsible for their own travel. It is best if people go in a group. I will be making my arrangements soon and I would of course be glad to coordinate with anyone wanting to be on the Irish team. There is great fellowship in supporting one another. Contact me gordon@imap.ie if you are wanting to go.
