

IFES Ireland

part of the International Fellowship of Evangelical Students

Christian Union Staff Workers for Belfast and North-West

Are you passionate about inspiring and equipping students to follow Jesus? We are looking for staff to play a strategic part in evangelism and discipleship among students in Ireland through student-led Christian Unions.

Your job will involve supporting students in CUs, through clear Bible teaching, by example and encouragement towards Godly living and by training and equipping them for a lifetime of discipleship, enabling them to be effective in our overall mission to bring the Gospel to this generation of students.

At present we require 2 Christian Union Staff Workers – one to work in the North West area (Coleraine - Donegal) and one to work in the Greater Belfast area. You will need to have:

- a clear personal commitment to Jesus Christ;
- a clear understanding of and commitment to outreach-centred Gospel ministry;
- a love for and commitment to student ministry;
- a tertiary level education;
- excellent communication, networking and interpersonal skills;
- organisational skills, leadership ability and self-motivation, yet be able to work as part of a team.

All IFES Ireland staff must be in full agreement with our doctrinal basis, share our vision, mission and values and work within our operating principles. The selection panel will take into account, along with all other factors, the desirability of maintaining a gender-mixed staff team to allow for the appropriate pastoral responsibilities of the team.

Further details are available on the IFES Ireland website www.ifesireland.org.
Closing date for applications: **Thursday 1st April 2010.**
